Final report

Audit objectives

Assess the process and its competence review records.

Scope

People & competence, including the current review matrix.

Criteria

Clause 7.2 and the approved process requirements.

Evidence and sampling summary

Three synthetic records and a questionnaire response were reviewed independently.

Report summary

The sampled records were complete. One opportunity for improvement was agreed.

Conclusion

The process conforms within the audited sample and scope.

Follow-up and recommendations

Clarify the review interval during the next planned process review.

Auditor contributions

Daniel Reyes · 16 Oct 2026

I reviewed the synthetic sample and respondent’s submission.

Conclusion: The sample conforms; clearer review guidance would help.

Follow-up: Monitor the agreed improvement.
